

# POST NETWORK CAPPADOCIA TOUR

27 - 30 MARCH 2020

## FRIDAY 27 MARCH

**17:00** - Departure from the NETWORK hotel, to Antalya Airport for your flight to Kayseri via Istanbul (flight details will be provided later upon your registration to this tour). Find yourselves a snack at Istanbul airport while waiting for your connection to Kayseri as you will arrive there too late for an evening meal. At Kayseri airport, you will be met by a guide, to be transferred to a cave hotel in Cappadocia (TBD).

## SATURDAY 28 MARCH

**09:00** - Begin your day with a visit of the Göreme Open-Air Museum, a UNESCO Heritage site. This is a complex of scores of monasteries and rock-cut churches with fine frescoes dating from the 10th-12th centuries. Following a break for lunch, walk among the amazing fairy chimneys of Paşabagi and see a panoramic view of the amazing lunar-like landscape from Uçhisar, with snow-topped Mt Erciyes in the background (the extinct volcano responsible for the formation of Cappadocia). See Devrent Valley, with its weird animal-like rock formations. Dinner and overnight at your hotel.

## SUNDAY 29 MARCH

**09:00** - Begin with visiting one of the underground cities located in Cappadocia, where communities took refuge from raiders in ancient and Saracen times. These multi-level underground complexes were begun by the Phrygians (8th century BC) and enlarged over the centuries, providing shelter for large communities. After lunch near Avanos, continue with a visit to the old town of Çavuşin, where the church of John the Baptist, the biggest church in Cappadocia, dating from the 5th century is to be found. Continue with a visit to Ortahisar, a rock fortress in a picturesque town before returning to your hotel for dinner and overnight.
