MY SCHOOL INSPIRES TEACHERS

“Good morning to you. I am responsible for a nursery and I am always interested in new ideas and interested in developing my nursery. You are good at dealing with children and your thoughts are amazing. I was also hoping to contact the wonderful *My School* team to find out how to develop our language and study materials. In my head, I have many questions. I see that you are the best in this field. You have surpassed the boundaries of my mind.

It is not possible to see your talents and not benefit from them.” – Ekbal, a female SAT-7 ACADEMY viewer.

YOU ARE NOT A NUMBER

Months into the pandemic, we continue to be surrounded by numbers - numbers of cases, numbers of deaths, numbers of recoveries. The following poem was written and turned into a video by the SAT-7 TÜRK team, to remind viewers that they are not just a number, but that they have an immense value in their Creator's eyes.

You were created.

You are unique.

You are not a number.

Each part of you was created Intentionally and wilfully.

You are not an accident.

You are not a minus,

You are not a plus.

You are not irrelevant.

You are not a grain of sand in the sea.

You are not a nameless star in the galaxy.

You are not a number.

You are not forgotten.

You are not abandoned.

You have never been left alone.

You are not a number.

Is tomorrow uncertain?

When was it ever certain?

Get up.

Keep your head up.

Count your loss as gain,

Consider your past your past,

Put your hope in your pocket.

Consider;

The one who created you,

Why shouldn't He give you the future?

Get up.

Open your window.

Take a breath.

Is it like your last breath?

Is it like your first breath?

Take refuge in Him.

He did not abandon you.

Because,

You are not a number.

“I knew you before I formed you in your mother's womb.”

Says the Lord.

Your creator knows you.

He knows your name.

You are not a number.

You never were...
